FT's Year in Finance

After another eventful year, one thing is clear — the world is still a long way from returning to normal after the crash of 2008. This special report draws on some of the FT's best financial coverage of 2015 to reflect the top themes of the year.

Special Report

View this special report

Inside this Report:

Bankers strain against shackles
The financial world is way off recovering from the crash of 2008

Beijing scraps large-scale stock buying
Authorities to step up crackdown on those deemed to be 'destabilising' market

Greek debt and a default of statesmanship
Creating the eurozone is its members' second-worst monetary idea, a break-up the worst

Financial danger of trusting risk models
Failure to imagine the possibility the Swiss franc's euro peg would end is rank incompetence
